## Ex Parte Quayle

1. This application is in condition for allowance except for the following formal matters:

This application contains non-elected subject matter. Cancellation of the non-elected subject matter is required in response to this Office Action. Note that Group I is drawn to (Pyrazolo[1,5-a]pyrimidines where A and E = C.

- a. Applicants have to delete the non-elected subject matter from claim 9. This can be done by deleting the definition of E = sulfur, oxygen or  $NR^8$ .
- b. Applicants have to delete A = N, since the elected invention is A = CH or  $CCH_3$ .

## Applicant's response

Applicants indicated that E =S, O or NR<sup>8</sup> has already been deleted in the previous office action and is no longer part of the claim, but this is incorrect. The claim set submitted on 5/13/2006 recites the non-elected subject matter (i.e. E is ...sulfur, oxygen,...and NR<sup>8</sup>".

2. It is also recommended that applicants delete the intended use in claim 19 so that it reads "A pharmaceutical composition comprising a compound according to claim 9 and a pharmaceutically acceptable carrier".

Prosecution on the merits is closed in accordance with the practice under *Ex* parte Quayle, 1935 C.D. 11, 453 O.G. 213.

A shortened statutory period for reply to this action is set to expire **TWO**MONTHS from the mailing date of this letter.
